GEORGE FLOTH

Consulting Engineers - Sydney Brisbane Jakarta

Achieving 4, 5 and 6 Green Stars

George Floth are providing the GBCA accredited professional services for 13 registered projects including:

- 101 George St, Parramatta
- 78 Waterloo Road, Macquarie Park
- Hamilton Harbour, Qld
- Brookes St, Fortitude Valley
- Space 43, Ultimo
- King George Central, Brisbane
- Precinct, Delhi Road, North Ryde

The following seven have accredited ratings:

- HQ, 512 Wickham, Fortitude Valley - 6 stars and 84 weighted points, the highest number awarded to date
- Green Square North Tower, Fortitude Valley - 6 Stars
- 400 George Street, Brisbane - 5 Stars
- 18 Marcus Clark, Canberra - 4 Stars
- 7 London Circuit, Canberra - 4 Stars
- 25 Smith Street, Parramatta - 4 Stars
- 101 George St, Parramatta—4 Stars (As Built)

These ratings have been achieved by optimising and fine tuning conventional building services and façades to deliver projects with robust designs whilst minimising costs.

We have a building physicist on staff and an extensive suite of software to carry out the sophisticated modelling required for the GBCA Indoor Environmental Quality and Energy Credits.

We offer a full package of building services design as well as “ESD” consultancy services in house.
